NOTICE: It is **IMPERATIVE** that you read this document in its **ENTIRETY** prior to gathering forms, filling out forms, and pursuing the process of declaring your status. It will help you by answering questions up front so you can keep the entire process moving forward. However, please feel free to ask us questions if we missed something or if the information is not clear. We will update this document accordingly.

GREETINGS and welcome to The New York Assembly and to our American State National/Citizen family! We hope this document will help you in your process of declaring yourself as an American State National or American State Citizen. In doing so, you will return to the Land and Soil jurisdiction - the proper jurisdiction for the Living men, women, sons, and daughters of this country.

Please visit our website for more information and education (<https://www.newyorkassembly.net>)

We are working to make our website a singular focus for the people on New York to stay current with the documents, events and information produced by our Lawful Governance Structure.

Please be patient with anyone assisting you as we are all self-governing volunteers and juggle many hats and full lives. As always, Self-Governance requires that you research before you act and discern your own path. The way home to the Land and Soil is not the same for each man or woman as we are each unique and arrive under different circumstances. We can no longer concede our choices to an external voice or pressure and must seek our Guidance from within and from our Maker. The New York Assembly is here to share knowledge and support; no one can “do it for” you. We are grateful to have your interest in reinvigorating the Land and Soil with the love, energy and vitality of “the people” and we wish you Godspeed on this incredible journey.

For those of you who may have additional interest in the working within any of our committees or holding elected positions of the New York Assembly, please let the coordinator know at **newyork-coordinator@mail.americanstatenationals.us**.

Our goal is to facilitate your return to the Land and Soil and encourage you to regain (or continue) mastery of the trajectory of your Life, employ Self-Governance and ultimately find greater ease and joy in living.

We are working closely with the 50 State Assemblies and The Federation of States to educate and inform others and to build and populate the missing aspects of the American Governance Structure to include the Lawful Courts for the people on New York. After completing your initial paperwork, you may attend a General Assembly meeting every second Thursday at 7:00 p.m. to observe or participate in the proceedings of the assembly. The link can be found at www.newyorkassembly.net in the Private Members Area of the website. Email the Coordinator for the password at **newyork-coordinator@mail.americanstatenationals.us**.

The Initial Inquiry

If you are just exploring the idea of changing your political status to get out from underneath the tyrannical government - welcome. We do not know yet how much you know about the assembly or the movement in general. The inquiry may have come through the newyorkassembly.net website, or through email, text,

phone or some other means. You must do your own research and take responsibility for your education, Here, we suggest content for your consumption that can help your decision-making process.

You might want to start by breezing through the Frequently Asked Questions on the TASA site which serves all states. These FAQs may stimulate more questions or give you confidence in your journey:

<https://tasa.americanstaterationals.org/faq/>

You might also want to investigate the educational materials presented here, which will build a firm foundation for you by sharing the history of the great fraud perpetrated against us during our lifetimes and showing you how to free yourself and move forward:

Deciding Which Path to Take

After making the decision to correct their political status, you must decide which path you want to take. Do you want to become an American State National (ASN) only? Or do you want to become an American State Citizen (ASC)?

If you decide to become an ASN in the simplest manner, you may do so by filling out what we call the “1779 Declaration” documents. You are under no obligation to be active in building or participating in committees or holding offices. You can choose simply to live in peace and uphold the law (Common or Natural Law). It is our hope that you would choose to become an ACTIVE member.

American State Nationals can vote in elections on our State. Or you can request to present an issue at our General Assembly which meets the second Thursday of each month (thru written email to coordinator who will put on the agenda), which if voted in gets moved to a committee to be addressed. You are free souls with no attachments to the government except to uphold the peace, uphold the public law, and report crimes.

If you would like to join the New York Assembly and help us restore the government the way it was just before the “Civil War,” then we would welcome your assistance. You can join one of the many working committees. American State Nationals can join committees. American State Citizens hold leadership positions in elected offices, and thus work for the people and are the true “We the People.” This requires the submittal of the “928” paperwork.

American State Nationals who work for the Federation include coordinators and continental Marshals. They are beholden to the Federation.

In order to hold an elected position, then the applicant would need to submit other documents in addition to the 1779 Declaration documents. These additional forms along with the basic 1779 Declaration documents are called the 928 documents.

Deciding If You Will Complete Your Own Paperwork, or If You Want the Recording Secretary To Complete the Paperwork for You

You have the option of downloading all the necessary forms and completing the paperwork yourself - or if you are so inclined, you can request one of our Recording Secretaries to do this for you for a FEE. Go to the New York Assembly website and request assistance <https://www.newyorkassembly.net/declare-your-status>

If you want to do it yourself, you can use the Form-Generator on The American State Nationals (TASA) Website <https://tasa.americanstatenationals.org/correct-your-status/#paperwork> to download the forms directly to your computer and edit the forms, or we can send email the forms to you and you can proceed to download and edit the forms on your local computer.

This is not something that you can do on your phone. So, if you do not have a computer or if your computer skills are not at a sufficient proficiency level, we suggest you to request one of your Recording Secretaries to complete the forms on your behalf for a fee. Just request assistance <https://www.newyorkassembly.net/declare-your-status>

What Minimum 1779 Paperwork Will You Need to Complete?

(Must pick only one of these from the TASA website)

- 1779 Declaration For 7 Year Undocumented Immigrants
- 1779 Declaration For Naturalized Immigrants
- 1779 Declaration For Federal Employees

-
- Declaration of Political Status with Cover Sheet (2 Pages)

Filling Out and Submitting Paperwork Yourself

This is by far the most difficult aspect of the process of becoming an American State National. After you have made the decision to submit your paperwork to declare their status, you will need specific instructions.

The following instructions and chart will help you complete your documents successfully - details do matter!

The TASA website has a whole video course on filling out the form if you want to fill out the forms yourself:

Go to: <https://tasa.americanstatenationals.org/paperwork-training-course/>

Document Editors

New York Assembly document files are normally in .docx (Microsoft Word) or Google Doc format while being edited. If you are using an open-source editor to complete your documents and the text looks distorted or on the wrong page, you may view a PDF preview of each document page, which is found on the “Declare Your Status” page of the New York Assembly website. If you are unable to correct it, please contact the Assembly Coordinator or Recorder for assistance before printing your documents. All final versions of the documents you send to us should be in PDF format.

You may also hire someone to complete paperwork on your behalf. We have a working relationship with **STATUS SELECT** which can help you in this regard. (<https://www.mystatusselect.com/>)

Printing and Scanning

It is advised that you use a printer with good ink coverage. If the document is unrecordable it will be returned to you. It is also recommended that you scan all your completed documents in PDF format for reference. You may seek help from STAPLES or OFFICE MAX with this step.

Editing the Document

When editing the document, do not delete any black text or symbols. When editing the text in **RED**, be sure to replace text as shown on the form; UPPERCASE, Upper/Lowercase and **Bold**. After you have finished adding in your own names and information by replacing or erasing the items highlighted in **RED**, simply change the text color back to **BLACK** before printing.

DO NOT edit any of the black text. ONLY update the text highlighted in **RED**.

Again, if you need help, please contact **STATUS SELECT** (<https://www.mystatusselect.com/>).

Autographing and Notarizing

When signing your document, you will want to sign it in front of a local Notary Public in the proper ink color (**RED** or **BLUE**), and in either PRINT or SCRIPT. Example: Deed of Re-Conveyance, Baby/Property Deeds are signed in **RED**. Deed of Conveyance and all other documents are signed in **BLUE**.

When signing your document, the use of a “by-line” establishes your authorship of your name/signature and you will add a copyright symbol © after your signature, which further establishes ownership. All documents must be signed this way, no matter how each document’s signature line text is displayed (particular documents have added black text with the words “Living Soul” after the signature – do not erase).

Every document with your signature should have the notaries embossed seal or stamp as appropriate. The **Declaration of Political Status** form and **Baby Deed** must have the notary METAL CLAMP. This is optional on the other forms.

Thumbprint

Seal your signatures with your right thumbprint in **RED** ink. Your thumbprint should touch the last two to three letters of your autograph and the copyright symbol © - try not to obscure your signature however. This should be the last item completed on each document before scanning, mailing or recording. **Note:** Do not add the thumbprint in front of the Notary Public (just our advice to avoid issues).

****SEE “Help and Autograph Charts” (Below) to determine the signature needs for each document.**

Notarizing Your Paperwork

Since the assembly currently does not have notaries, you must use a Notary from the State of State system. You can possibly get your documents notarized for free through your bank or credit Union.

Get the notary to place an Embossed Seal (metal clamp seal; not all notaries have this; ask around) on the “Common Carry Declaration”. Baby Deed, and the “Declaration of Political Status.”

All other documents can be notarized with a notary stamp if you desire.

Mailing Your Documents via Registered Mail to the De Facto Government

Send the “Baby Deed” and “Declaration of Political Status” Registered Mail, Example of a Registered Mail #: “RF 123 456 789 US”;

- Place originals in your safe or in a safe place at home.
- Scan all your documents to a thumb drive. You can go to an office supply store like Staples and scan all your paperwork to the thumb drive. Be sure to scan in **COLOR** unless the document is in black and white only.
- Be sure to send your letters to the Secretary of State and IRS as **REGISTERED MAIL WITH RETURN RECEIPT**. When these cards come back to you, save them in a file folder at your home – preferably in a FIRE PROOF SAFE. There are many tutorials on sending Registered Mail online.

Learn all about sending Registered Mail on YouTube at:

https://www.youtube.com/results?search_query=how+to+send+registered+mail+with+return+receipt

- Also make a scan of your mailing receipts!
- Send the documents via email to your coordinator at newyorkcoordinator@mail.americanstatenationals.us

Be patient while these documents are being recorded on the Land Recording Office. There are several other steps the Recording Secretary and Coordinator must perform before you become official.

You can check your status by logging into the Land Recording Office periodically.

Your Paperwork Is Submitted and You Have Just Become a Member (Newbie)

YOU ARE ENCOURAGED TO READ ASSEMBLY-RELATED MATERIALS AT LEAST ONE HOUR PER DAY. The more you read and watch videos and attend meetings, the more you will land.

Continuing Education

It is highly recommended that you continue your education throughout your life. **USE YOUR DISCERNMENT**, however, because interlopers and usurpers abound. **Just remember that it was through education or the lack thereof that kept us from the truth heretofore.**

You can start here with these trustworthy sources:

- The TASA site has an entire section on Continued Education <https://states.americanstatenationals.org/educational-information-2/>

Appendix A

Information and Instructions for Credential Cards

In order to issue the new format of Credential Cards for an American State National or an American State Citizen, please self-govern and read very carefully the guidelines below.

The LRO Credential cards have recently been redesigned to incorporate elements that will allow our credentials to be recognized by TSA, DHS, Marshals, Sheriffs and Pinkerton LEO's aka Police.

There are two types of scenarios that currently exist:

1. You already had a Credential Card issued to you in the past and you are ordering a replacement
2. This is your first Credential Card

Please note: Cell phones & Tablets can be problematic when editing and verifying an LRO account data because the small screen sizes are not fully supported by the software we use. Please use a Laptop or Desktop Computer to perform editing and verification of your card data.

Replacement Card Instructions

If you are ordering a **replacement** card, you will only need to update two items:

- 1) Physical Address as explained below and in Section #3 (as the last page of this document)
- 2) A scanned Autograph image explained in Section #2

Ordering a Credential Card for the first time Instructions

If you are ordering a credential card for the first time, there are four items you will need to provide:

- 1) Physical Address as explained below and in Section #3 (as the last page of this document)
- 2) A passport quality face photo explained in Section #1
- 3) A scanned fingerprint (usually thumb) image explained in Section #1
- 4) A scanned Autograph image explained in Section #2

Once you have uploaded the above items, you will need to go through a verification process.

To verify that your member record has all the above data, or to add the necessary data, go to the LRO site (you may wish to read the Attention notice on the front page):

<https://members.americanstatenationals.us/>

then log into your Member's account by clicking the "Login" button for members, to make necessary edits.

Before making edits to your Address fields, please read Section #3 below

Once in your LRO account go to **Contact** tab and look over the fields...these fields contents will appear on the front of the Cards as the **Physical Address:** with pre-printed **"In Care of"** and will be defaulted to Rural Free Delivery unless you enter different information.

- Edit Address fields to your desire, do not enter "In Care of" as it is already pre-printed on the cards, also no PO Box Lettering, this is explained in Section #3 below
- Save edits at bottom of **Contact tab**, then go to the **Verify tab** to see the Physical Address as it will appear on the Card as entered and Check box YES if all data is correct
- At the bottom of the "Verify" tab, edit the "Ship-To Address" field to reflect the address to be used to receive the cards when shipped to you and click "Save" at the bottom of the page if any change is made (this field is **only** visible to the Production staff and is never published – and for security purposes, it will be deleted from the LRO system at the end of the printing/shipping cycle).
- Purchase replacement cards under the **Fees tab - Add Item** if you haven't already done it, and once again be sure to check all data is correct under **Verify tab**... please continue to read further.

Section #3 About “Physical Address”

Clarification on using Domicile Physical Address on LRO Credential Cards

It is highly recommended, but not necessary, to refrain from using one’s own Domicile Address. It is suggested to use one of the following: a) Rural Free Delivery; b) a private mailing box such as Fedex or Pony Express; c) a friend’s address; d) a PO BOX in the form of a street address; e) or Highway address.

We Cannot display PO BOX lettering for the Physical Address on the front of cards

Take special notice and please be sure to understand and use Anna’s Return Service Methodology if you choose to use a domicile address for front of the cards- Read Anna’s article What to Do here-

If you have a P.O Box and want to use a “P.O. Box in the form of a street address” do so by simply google mapping the postal office building / street location and entering the box number in Physical Address Line 2 under the Contact tab.

Example- Regular style PO BOX lettering (Contact tab)

PO BOX 1234
NW

Freedomville WA, 98989

PO Box in the form of a street address

(Physical Address line 1)-- 65432 Main street

(Physical Address line 2)—Unit 1234

(Physical City) -----

Freedomville **(Physical State)**

Washington

(Physical Zip Code) ---- 98989, [98989], Zip Exempt,00000

It is also highly advised, but not mandatory, to correct the address in documents such as the Certificate of Assumed Name and Witness Testimonies to reflect the address on the front of the cards, but only if you feel it is necessary according to your own level of understanding...

Some of us put Rural Free Delivery on the Witness Testimonies but use our PO BOX in the form of a street address in the Certificate of Assumed Name and 928s... once again highly recommended not to use one’s domicile address...at least not until we learn Due Process of Law, Commerce and become a Post Master General, please study this substack-

Learning how to be our own **Post Master General** was mentioned by Anna some years ago and also writes about it in her articles, please do a search on the topic here:
